PROFESSIONAL SUMMARY

An amiable and passionate penultimate year student with excellent leadership skills and extensive communication skills. Seeking an opportunity to leverage and express all skills at a convivial and prestigious company.

Love to program in Python and JavaScript. Assessed in AWS and GCP to deploy infrastructure for different applications. Scripted in Bash to automate repetitive tasks and Adapted databases in MySQL, MongoDB, Redis and MariaDB. Familiarized with Git, Docker, Kubernetes, Ansible and Terraform for infrastructure management. Knows the way around Linux and Windows. Highly motivated and passionate about learning new technologies and solving problems.

EDUCATION

Government College Of Engineering Srirangam [📄](#) 2019 – 2023
BE (Computer Science and Engineering)

YRTV Matriculation Higher Secondary School, Sivakasi 2017 – 2019
Higher Secondary I & II

SKILLS

Programming

Python, JavaScript, Golamg

DevOps Tools

Git & GitHub, Docker, Kubernetes, Terraform

Frameworks

Flask, ExpressJS, Tkinter

Cloud Services

Amazon Web Services

Databases

MySQL, MariaDB, MongoDB, Redis

Auxiliary Skills

Bash, Networking and Security

PROJECTS

DevOps Digest

Collection of DevOps Resources

Azure VM Slack Bot

Manages VM's in Azure

Containerized Quotes API

Return quotes from a Kubernetes Cluster

CERTIFICATES

PCAP Training in Netacad

Python

AWS Fundamentals

Specialization

Coursera - AWS

GCP Fundamentals – Core

Infrastructure

Coursera - Google Cloud
